Just culture is
a concept
related to
systems thinking
which emphasizes
that mistakes
are generally a

product of
faulty
organizational
cultures, rather
than solely
brought about by
the person or
persons directly
involved. In a
just culture,
after an
incident, the
question asked
is, "What went

It's called just culture as opposed to a culture of

Access Free Just Culture

blame. It's a change of how errors are perceived and acted upon by an organization. When an organization embraces a just culture, it is more likely to have fewer adverse incidents and

Access Free Just Culture

caregivers in that organization are more likely to self-report errors or near misses.
