Owner Feedback on Shanling CDT-100 mods Walter, I've got to tell you - those new BurrBrown OPA627 opamps are unbelievable! I spoke to Chris and had them installed and running in 10 minutes. It's like a new player! I thought the Shanling was great with the first upgrade. I would put this up against anything right now. Unbelievable! Hi Walter,

Shanling's new CD-T2000 CD/SACD player shares the stunning aesthetic of the former CD-T1500, but, although superficially similar, the two players are, in fact, quite different.

Shanling CD-T2000 CD/SACD player review | TechRadar  
The owners' manual was thorough and in decent English. It is difficult to capture a consistent sonic picture of this player as it is several different machines in one. You have a choice of standard 16/44, 24/96 upsampling, HDCD decoding, tube or solid-state

When I was evaluating CD players before buying the Shanling, I went around and listened to a good many, both more and less expensive. The associated equipment was all different from place to place, but I made notes on my response to the music as I went along, and in the end I felt I had enough info to make a decision.

SHANLING CDT-100 CD player - with conversion to proper tube format. This is the older brother of the famous now CDT-200, but not necessarily the retarded brother. The power supply section is essentially the same. The build quality is the same. The mechanism is inferior but only slightly.

SHANLING upgrate CD-T100 by lampizator

With a fairly dated DAC in the CD player and no gimmicks in the amp circuitry, this combo boasts no hi-tech trickery inside. Yet it proves to be a lovely sounding setup, in a most pleasing way.

Regardless of the type of music that you choose to play on the YBA CD100/A100, it gives an immersive yet energetic rendition and really lets the emotion out.
