competing forces in the market to
sometimes align with each other to either
depress or magnify the entire market, an
industry or a particular company. When
the market causes a certain stock to
depress to the value investor's preset buy
price, an opportunity exists and the value
investor snags up a good deal.

Value Investing - Principle #4: Patience
(Lesson 9 ...

“ Our definition of value comes directly
from the finance textbooks, which define
value for any investment as the present
value of the future free cash flows of that
investment. You will not find value defined
in terms of low P/E [price-to-earnings] or
low price – to – cash flow in the finance
literature. What you find is that practicing
investors use those metrics as a proxy for
potential bargain-priced stocks. Sometimes
they are and sometimes they aren ’ t. ”
